

Yiannis C. Bassiakos, PhD.
Tsitouri 3, 15 231, Halandri
Tel. +30-210-368-9491 (office)
Mob. +30-697-419-2133
E-mail: ybassiak@econ.uoa.gr

EDUCATION:

Ph.D. in Mathematics (Statistics), June 1991
Northeastern University, Boston, MA, USA
M.A. in Mathematics (Statistics), June 1984,
Northeastern University, Boston, MA, USA
B.A. in Mathematics, June 1980,
University of Athens, Athens, Greece

EXPERIENCE:

10-15 to today: Associate Professor, Department of Economic Sciences,
University of Athens, Athens, Greece
- teaching of graduate and undergraduate courses in Statistics and conducting research

10-07 to 9-15: Assistant Professor, Department of Economic Sciences,
University of Athens, Athens, Greece
- taught graduate and undergraduate courses in Statistics and conducted research

9-98 to 9-07: Lecturer, Department of Economic Sciences,
University of Athens, Athens, Greece
- taught undergraduate courses in Statistics and conducted research

4-96 to 8-98: Lecturer,
National School of Public Administration & Institute of Continuing Education,
National Center of Public Administration
- taught of courses in Statistics, computers, questionnaire design, and opinion survey organization to state employees

8-96 to 8-98: Director of Statistics,
V-P.R.C. Institute, Athens, Greece
- Design, monitoring and data analysis of public opinion surveys

9-96 to 6-97: Adjunct Lecturer, Department of Mathematics,
University of Athens, Athens, Greece
- taught graduate courses in Applied Statistics and database design

4-94 to 8-96: Research Associate, Department of Nutrition & Biochemistry,
National School of Public Health, Athens, Greece
- Design, monitoring and data analysis of epidemiological studies
- Design and development of a LAN and an RDBMS for storage and quality control of data collected during epidemiological studies

9-90 to 3-94: Senior Statistician, Frontier Science & Technology Research Foundation, Brookline, MA
and Statistical & Data Analysis Center, Harvard School of Public Health, Boston, MA, USA
- Design, monitoring and analysis of phase I and II clinical trials

1-85 to 12-93: Senior Lecturer, Department of Mathematics,
Suffolk University, Boston, MA, USA
- taught courses in Statistics and elementary mathematics

RESEARCH OR CONSULTING PROJECTS:

1. Consultant/International Expert on sampling design, data clean-up and analysis, for the Late Payment Directive (Project ref. 2231), for the European Commission (2015).
2. International Expert in charge of sampling design, data clean-up and analysis, for the Albanian R&D and Innovation Survey (2013).
3. International Expert in charge of sampling design for the "Study on international mobility and researchers' career development / X13 – SIM ReC", (2011 – 2012).
4. Statistical Expert for the "ISTpact - Study into the impact of FP6 IST", a project funded by the European Commission, (2011).
5. International Expert in charge of sampling design and data quality control for the MORE project of the European Commission. (2009 – 2010)
6. International expert of the European Commission for the EUROMED Project in charge of seminars and consulting in sampling techniques. (2008)
7. Principal investigator in charge of sampling design and data quality control for the EPETE project of the GSRT. (2008 – 2009)
8. Consultant of the Hellenic Commission of Telecommunications and Post for the first class mail characteristics and quality studies. (2003)
9. Principal investigator in charge of sampling design and data quality control for the 3rd Community Innovation Survey of EC in Greece. (2002)
10. Principal investigator of a study for the Hellenic Securities and Exchange Commission, which had as an objective the study of differences in the total wealth of various groups of investors investing in the Athens Stock Exchange, during the period of October 1999 through March 2003.
